Capability Statement

Organizations such as Habitat for Humanity, Make a Wish Foundation, Home Depot, Dana Hotel, and other Non Residential Facilities trust us for their Construction needs because we specialize in the construction of premium segment facilities with a high level of requirements for Quality Standards, Innovations, Advanced Trends, and Technologies.

Humanitarian Developers was founded by Ruben Gonzales upon completing 20+ years of honorable service to the US Air Force. Ruben created a construction and remodeling company with his extensive military experience and humanitarian drive to support military veterans and senior citizens through providing safe, healthy, and comfortable homes and commercial office space. While serving in the Air Force Ruben was continuously recognized for his superior leadership, operational, organizational, and sales skills. He is devoted to achieve the best possible outcomes through his exceptional customer service, craftsmanship, and attention to detail.

Devoted to serving US Government, Military Personnel, and the Public Sector. Ruben is committed to establish Humanitarian Developers as the greatest source force in the US, and the highest value provider of construction management by partnering with a network of successful professionals helping each other, and those in need of help.

Zilvija Gonzales (Vice President) is an operations management professional with over 20 years of experience in business management operations, commercial and residential real estate sales and leasing.
